We are looking for families of children aged 7-17 to answer questions about their child’s asthma as part of a research study. Children must have been seen in their lifetime by a health care provider at Tuba City Regional Health Care, Chinle Comprehensive Health Care Facility, or Tsehootsooi Medical Center.

Families will be asked to participate in interviews once per year for up to 6 years. Participation involves:
- Answering questionnaires on a computer or tablet
- An interview lasting up to two hours

Compensation for time and effort is provided in the form of a gift card.

This project is being conducted by the University of Arizona and National Jewish Health with approval from the Navajo Nation Human Research Review Board.

If you would like to learn more or sign up to participate please call The Navajo Childhood Asthma Program at 928-863-8117 or email at jjbegay@email.arizona.edu
